

Our Anti Bullying Charter

AT THE TRAFALGAR SCHOOL

WE WILL:

Be kind to others and respect differences

Use appropriate language at all times, especially when referring to race, gender, sexuality, beliefs or abilities

Not turn a blind eye if we see somebody being victimised

Not be judgmental - there will always be people we do not agree with

Give people different ways of asking for help - there is always a solution

Listen to everyone's opinions - they are all valid

Take all forms of bullying seriously and deal with them effectively

Understand how a bullying victim feels and think about how our actions and words can impact on them
